

2017 forecasts and predictions

ITC suppliers' net profit (\$US billion) forecast – 2005-2020

Each year since 2009 ITCandor has published its 10 predictions about the IT and communications industry for the year, assessing its accuracy as it goes along. We'd like you to take advantage of our insights by downloading our documents for use as planning information in your organisation.

Included in this offer is:

- The full 2017 document as a pdf file
- Presentation slides for internal use (pdf and Powerpoint)
- Data used in each of the predictions (Excel)

We're charging **just £100** for all of this – so to take advantage please provide you name, company and purchase order number if you have one and email it to the address provided.

This study is based on the extensive research we carry out on vendors, offerings and countries on a regular basis. Visit the [ITCandor](http://ITCandor.com) web site to evaluate our [methodology](#) and read the latest analysis of vendor announcements and worldwide industry trends.
